

Applied Mathematics, Computer Science and Engineering

Moscow Institute of Physics and Technology (National Research University)

Language of study: **English**

Mode of study: **full-time**

Duration: **4 years**

Availability of free education: **yes**

Price: **320,000.00 RUB per year**

Programme curator: **Kirill Miller**

Tel.: **+7 (498) 713 91 70**

E-mail: interadmission@phystech.edu

Programme Director: Prof. A.M. Raigorodskii

Description:

The program aims at equipping the students with the tools that are in demand on the today job market, with emphasis on the things that do not “come and go”, but are of universal importance and already stood the test of time. While studying the up to date algorithms that you may find in a typical blog post on practical applications of machine learning, the students go beyond the surface and get the knowledge of why things work as they do. So mathematics takes as important part of the program as the algorithms.
